Important information for families enrolling K-8th graders for our May 10, 2027 start date.

We are excited to offer our May start date to families wishing to enroll their students to secure their spot for SY 27/28 and to get a head start on orienting to IDVA. Here is what the student experience will look like for those enrolling to start with IDVA on May 10, 2027.

- Students will be assigned to complete orientation, the final step of enrollment, from May 3rd to May 5th.
- Students who finish orientation and who are approved to start on May 10, 2027, will have 10 days of school with IDVA as the 26/27 school year concludes on May 21, 2027. Students will be experiencing an introductory schedule designed especially for this short period of time. During these two weeks before summer break, students will be completing strong start sessions and/or a strong start course, completing testing, and working on Math and ELA skills.
